

2013 Company Capabilities

Your Brands, In Trusted Hands.®

Your competitive advantage

Chances are the products we make are in your home...you just don't know it. As one of the world's largest multi-platform contract manufacturers of wet wipes, dryer sheets, liquids and die cut pads, and we're long-time partners with companies of all sizes and many of the world's most notable brands.

Innovation beyond your imagination

Discover how our Nonwovens Innovation Center will help you bring your complex product to market. Start with a great idea or just a shimmer of a product possibility and the experienced Kleen Test product development team will take it from there.

The Nonwovens Innovation Center possesses the unique resources, specialized equipment and skilled technical teams necessary to turn your ideas into tangible products.

Your one-stop resource

Simplify your supply chain and shorten your lead time to market by working with a proven leader from start to finish. Kleen Test's diverse capabilities include:

- Comprehensive product development
- Formulation expertise
- Onsite blending/coating
- Microbiological and analytical testing
- Flammable blending and filling
- Die cutting
- FDA validation team on staff
- Multiple product packaging platforms

Kleen Test provides a seamless outsourcing experience from beginning to end. Whatever product you need, in whatever format, shape, size, quantity, and color - Kleen Test takes care of it all under one roof.

A powerful secret weapon

Trust KTP to co-develop your new product innovation. Our approach to product development is as customizable as the products we produce. Contact us to schedule a Product Development Session today.
